Dirty Red & The SoulShakers are a modern-day powerhouse-blues band, built on old-school influences and a mutual love for the down'n'dirty style of blues that defines the band's sound. A dangerously tight rhythm section, backing a funky, shake-your-money-maker groove, guarantees ladies dancing and good times! Top that with wailing blues harp, jaw-dropping guitar licks, and the unmistakable charm and soul of the towering blues-man they call, "Dirty Red," and you can bet you're gonna find yourself hooked!
